ONLINE GIVING

Is now available in association with

myEoffering

www.stedwardparish.net

WHAT IS myEoffering?

myEoffering is a service we've teamed up with to give you the ability to send your offerings online in the same way that many of you already pay bills and purchase products. We chose to use myEoffering because they are part of a trusted, Christian family-owned company, who have been serving the needs of churches for nearly 100 years. Their product is solid, secure, easy, and convenient.

WHY SHOULD I USE myEoffering?

Many of you already pay for purchases electronically, whether online or with a credit or debit card. So we have decided to offer this service as a convenience to you - you can stop writing checks or having to remember to bring cash every Sunday. Simply log in to our service and set up your offering. You can set the donations to match your pay periods, and even send your one-time donations to special offerings. This new service allows you to give any amount, at any time, from home or on the road, with your computer or even your mobile device. Now you can control how and when you give your tithes.

HOW DOES IT HELP?

Online giving is the future. In the lifetime of our young people, we will see electronic payments overshadow traditional methods of paper payments. In order to position ourselves to continue doing the work of God in the future and to make it as convenient as possible to be a cheerful giver to God's work, we have decided to offer online giving to you. In addition to easier access to giving and more engagement with young stewards, online offering allows us to more easily track contributions for budgeting, saves us from large fees on check processing and allows us to more accurately forecast expenditures and needs.

HOW DO I SIGN UP?

Signing up is as simple as going to our church website listed above and look for the green computer mouse icon. That button will take you to the myEoffering page for our church. Simply sign up and begin giving online today! Or scan the code to the right with your mobile device to get started now.
